

PHOENIX QUILT GUILD BLOCK SWAP GUIDELINES and RULES

RULES

- #1 100% cotton fabric that is quilt store quality only**
- #2 100% cotton thread only**
- #3 Accurate piecing and ¼” seams**
- #4 Iron as directed**
- #5 Use selected fabric (color, value, type) for each swap**

GUIDELINES

It is anticipated that block swaps will occur quarterly: June, September, December and March

Information for each swap will be discussed at guild meetings and will appear on the Phoenix Guild web site. Follow the directions.

Remember, we are swapping amongst ourselves. You will receive what you contribute. For long term success, each of us must follow the rules and contribute attractive, precision quilt blocks. If quality and craftsmanship are poor, members will be reluctant to participate. *DO YOUR BEST!*

It may take a while to collect enough blocks for the quilt of your choice. The swap will be considered a success if, in a couple of years, quilts appear using “swapped” parts.

For reference, see *Simple Strategies for Block-Swap Quilts* by Lynn Roddy Brown.
